

ANTARA

Antara believes the best way to see South Asia is from the river.

What began in 2003 as a dream for travel industry pioneer and naturalist Raj Singh, has today turned into Antara's thoughtfully designed, well-appointed fleet of ships that sail South Asia's most iconic rivers.

Our philosophy is to bring the region's environments, wildlife and cultures to the world, sustainably, and with renowned hospitality in ships that are designed with thought, luxury and care.

Since 2023, Antara has pioneered the world's longest river cruise aboard Ganga Vilas. In 2024, Antara began sailing the four rivers that flow through Bhitarkanika National Park in Odisha, India's second-largest mangrove forest.

Sustainability

Rivers are our lifelines. They provide, sustain and nourish. Our cruises and our teams have a deep, abiding love for and gratitude towards our rivers and we want them to flow eternally. And so we've put several measures in place in order to preserve the waters, wildlife and culture of the rivers we sail on.

CLEAN RIVER

Eliminating single-use plastic wherever possible • Sewage treatment and water treatment plants on every ship

CLEAN FUEL

ACs, fans, lights, and kitchens run on solar power wherever possible • Using shore electricity to reduce consumption of fuel • Using Xtra green fuel to reduce carbon emissions and particulate matter, and increase fuel efficiency

GO LOCAL

Focusing on world and regional cuisine with local produce • Promoting local crafts and products to highlight the cultures and enhance livelihoods along the river • Using local forms of transport, hiring local people and working on skill development.

GO NATURAL

Sailing is designed mindfully to protect the river's inhabitants • Using all natural and/or organic products in rooms and kitchens • Tie ups with CSR efforts to preserve wildlife, especially in the Sunderbans

Bespoke Charters and Scheduled Departures

For Antara's river cruises, we craft the most unforgettable, intimate events and incentives, ensuring your groups can travel in South Asia in more meaningful ways.

We offer complete charters on itineraries that are personalised for your requirements.

The different boats, catamarans, and ships can handle a solo traveler up to a group of 56 guests on board.

Cruising along India's mystical rivers ensconced within suites, a view of the landscape from a large balcony, expansive social spaces, plush on-board amenities, farm-to-table gastronomical experiences, wellness & sunrise yoga, and an array of activities on and off-board make Antara's cruises a perfect venue for pre- and post-wedding retreats, milestone events like anniversaries, birthdays, spiritual retreats, and family reunions while sailing.

We also have a schedule of departures for varying durations, itineraries and themes.

Our website has the updated schedule of departures.

MV Ganges Voyager I & II

MV Bengal Ganga

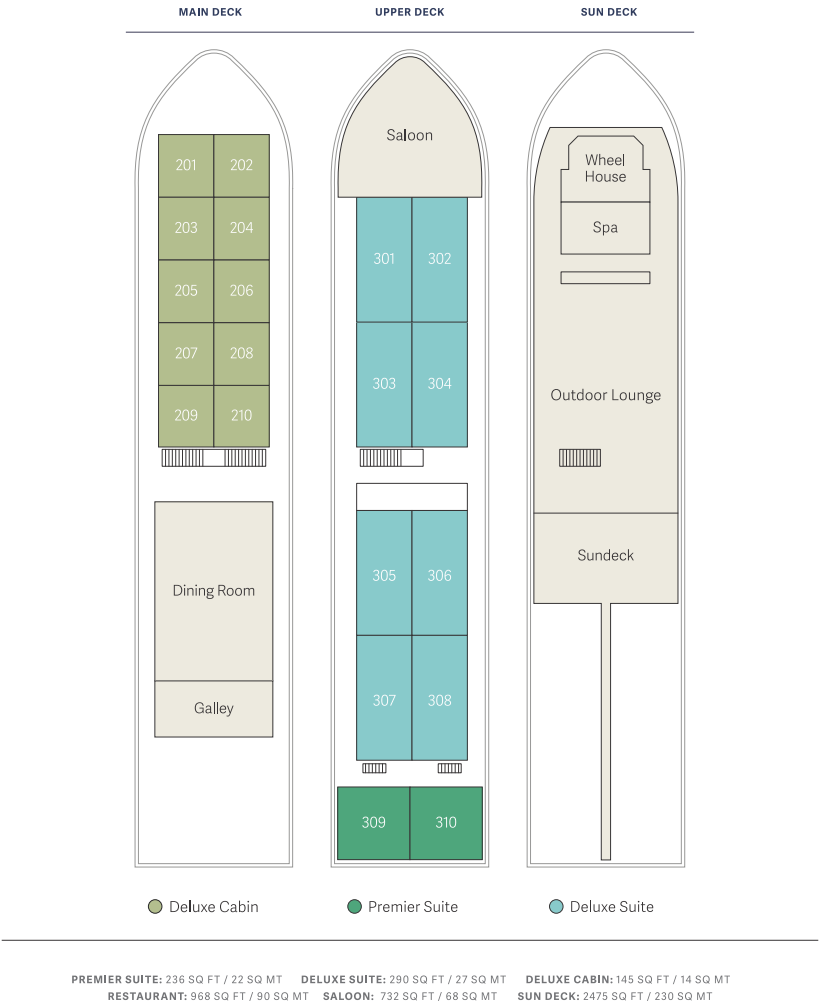

Built in 2004, with inspiration from traditional Burmese river vessels and colonial Clyde steamships, the Antara Bengal Ganga has been refreshed and refurbished into a contemporary, graceful craft with 20 suites. The newly added eclectic 1970s decor that features wood, metal and leather brings to life the gleaming Burmese teak floors and decks. Curved motifs, rounded edges and striking colours, and the new artwork create a fresh, stylish and restful feel. Large balconies and artful décor allow old-world charm to embrace you on your voyage and immerse you in the spectacular sunsets on the Ganges.

Enhancing our communities & landscapes

The river is mysterious and beautiful. It also provides sustenance for all. When he founded the company, Raj Singh wanted to regenerate India's riparian landscapes and communities, forgotten since the advent of the railways. Our commitment to sustainable, low-impact, low-volume cruise tourism on the river is resolute, protecting the land and wildlife along waterways; and our engagements with local communities whether through direct engagement or CSR are ongoing and authentic.

Currently, our CSR extends to programmes in education and environmental protection:

1. CALCUTTA RESCUE

Calcutta Rescue runs two schools, which provide supplementary education to ensure that children from challenging socio-economic backgrounds can continue and complete their education.

2. TILJALA SHED

Tiljala SHED has a pilot project for children of ragpicker families. The project's objective is to keep these vulnerable class 6 – 8 boys and girls from the Topsia squatter community of Kolkata in education by providing 18 months of after-school coaching in sports, arts and sciences.

3. THE BALI NATURE AND WILDLIFE CONSERVATION SOCIETY (BNWCS)

The Bali Nature and Wildlife Conservation Society (BNWCS) has been at the forefront of environmental conservation, community development, and livelihood enhancement in the Sundarbans for over two decades. Through a combination of conservation efforts, education programs, alternative livelihood initiatives, and medical outreach, BNWCS has positively impacted thousands of lives.

Antara supports these programmes to further our commitment and contribution to ecology and socio-economic development along the rivers we sail on.
